[District 7](#)

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
DISTRICT 7, EFFINGHAM**

Overview

Highway District 7 encompasses 14 counties in southeastern Illinois and includes the cities of Effingham, Mount Vernon, Vandalia and Centralia, plus many smaller communities, which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 7 consists of 1,345 miles of highways and 724 bridges, supporting 7.3 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.483 billion annually for the FY 2004-2008 period. Approximately \$201 million will be provided during FY 2004-2008 for improvements to state highways in District 7. The following table summarizes anticipated accomplishments on the state highway system in District 7 during this time frame.

FY 2004-2008 Accomplishments

Interstate Rehabilitation (miles)	12
Interstate Bridges (number)	6
Other Bridge Rehab/Replace (number)	21
Resurfacing/Widening (miles)	135
Major Highway Construction (miles)	15
Traffic/Safety Improvements (locations)	31

Major projects of interest that are tentatively scheduled during the FY 2004-2008 time frame include:

- **Interstate 57/64 at Veterans Memorial Drive in Mt. Vernon.** Construction of a new interchange and associated work are programmed during FY 2004-2008 at a cost of \$4 million. Of this total, engineering for contract plans is programmed in FY 2004 at a cost of \$400,000.
- **US 45 from Illinois 37 south of Effingham to Louisville in Clay County.** Bridge replacement, land acquisition, resurfacing on 11.4 miles and horizontal and vertical realignment are programmed during FY 2005-2008 at a cost of \$10.5 million.
- **US 50 over the Wabash River at Vincennes, Indiana.** Bridge rehabilitation began in summer 2002. Bridge painting is programmed during FY 2005-2008 at a cost of \$6 million. Indiana is the lead agency with Illinois sharing equally in the cost of both rehabilitation and painting.

- **US 50 and US 51 at Sandoval in Marion County.** Resurfacing on 1.5 miles, curb and gutter, storm sewer and related work on US 50 from the Clinton County line to US 51 in Sandoval are programmed in FY 2004 at a cost of \$2 million. Resurfacing on 0.9 mile, curb and gutter, storm sewer, railroad crossing improvements and related work on US 50/51 from the north corporate limit of Sandoval to Old US 51 at the south corporate limit are programmed in FY 2004 at a cost of \$2.2 million.
- **Illinois 15 over the Union Pacific and Southern Railroad in Mt. Vernon.** A new grade separation, railroad relocation and related work are programmed during FY 2005-2008 at a cost of \$27 million.
- **Illinois 15 over the Wabash River at Mt. Carmel.** Bridge replacement, construction of the Illinois approach roadway and removal of the existing bridge are programmed as a Major Bridge Program project during FY 2005-2008 at a cost of \$27.8 million. Construction of this bridge is contingent upon securing special federal funding over and above regular formula funds. Illinois is the lead agency on this project. Indiana and Illinois will share equally in the remaining cost for the new bridge and removal of the old structure. Indiana will be responsible for funding the additional approach structures required on the Indiana side of the Mt. Carmel Bridge.
- **Illinois 33/32 from the Junction northwest of Effingham to Ford Avenue in Effingham.** Additional lanes, resurfacing on 3.1 miles, shoulder reconstruction, bridge widening and related work are programmed in FY 2004 at a cost of \$11.1 million.
- **Illinois 33 from Salt Creek in Effingham to West Avenue in Newton in Jasper County.** Resurfacing on 10.3 miles, new shoulders, bridge replacement and associated work from Salt Creek in Effingham to the Effingham/Jasper County line are programmed during FY 2005-2008 at a cost of \$8.0 million. Resurfacing on 11.3 miles, new shoulders and associated work from the Effingham/Jasper County line to West Avenue in Newton are programmed during FY 2005-2008 at a cost of \$7.9 million.
- **Illinois 161 from Park Lane Drive in Centralia to Interstate 57.** Land acquisition for four lanes is programmed during FY 2005-2008 at a cost of \$1.4 million. Engineering for contract plans is anticipated to begin in late 2003. Construction is not currently funded in the program.
- **Illinois 185 from US 40 to Illinois 37 at Farina in Fayette County.** Improvement of 19.1 miles in this corridor is under way. Widening, resurfacing on 7.9 miles and land acquisition from US 40 to 4 miles north of St. Peter are programmed in FY 2004 at a cost of \$2.6 million. This segment will complete the improvements on the total distance of 19.1 miles from US 40 to Illinois 37 at Farina.
